## Name Change

Most of you are familiar with our **Galaxy**® branded products. So you may be surprised to learn that we are changing the name.

We will be keeping the familiar look of the original branding, along with the superb quality and style you have come to expect from our products. Not only this, we will continue to offer the excellent after-sales service you have become accustomed to with all our own branded products.

It is important to us that we continue to be recognised for our excellent service and quality, especially when it comes to upholding the good name of these products. Therefore, the decision has been made to change the name to differentiate us from similar brand names.

### All we are changing is the name

However, the trade mark process takes many weeks, so for now, our range will simply be known as:

We must insist that anyone using **Galaxy**® for publicity or marketing purposes, removes it immediately. Please email [gillian@claygate.co.uk](mailto:gillian@claygate.co.uk) to request a copy of the interim logo, and we will let you all know when the new trademark is approved and ready for use.

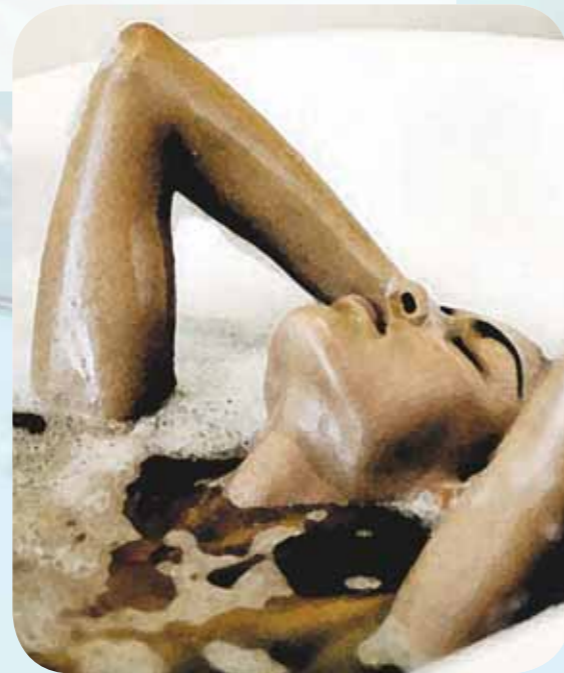

The new name will be unveiled in the very near future . . .

**AFTER SEVERAL YEARS' ABSENCE FROM OUR PORTFOLIO, CLAYGATE IS NOW VERY HAPPY TO UNVEIL OUR NEW AND IMPROVED HYDROKING WHIRLPOOL SYSTEM.**

Hydroking presents a new visionary solution for whirlpools and air spas and we have benefited from the extensive knowledge of several whirlpool manufacturers whom are key players in today's wellness industry.

The soothing effect of a Hydroking whirlpool gives your customers access to the ultimate in healthy living, can improve their general relaxation and will revive them both physically and mentally. Hydro massage has been medically approved for treating pressure related pain such as back ache, joint disease and bone fractures, as well as treating kidney disorders, diabetes and rheumatism.
