

# ISOCAST BASIN INSTRUCTIONS

CADENCE FURNITURE

---

# TAVISTOCK

## IMPORTANT:

This Basin is **FRAGILE** when not fixed in place. Ensure you handle this product with care when moving, too much stress on the underside where the basin meets the countertop can result in the basin fracturing or breaking. When fixed in place the basin will no longer be fragile.

Please carefully read these supporting document and additional instructions provided with furniture unit for installation before commencing.

Please make these instructions available for the end user after installation. Please inspect this product for damage before fitting. Do not fit any defective products - contact your retailer immediately if any defects are present.

## AFTERCARE & MAINTENANCE:

The isocast basin is made of a non-porous material and as such it can be wiped clean with a damp cloth or sponge using mild detergents or soapy water. **DO NOT** use abrasive cleaning solutions. Where possible avoid sliding hard or sharp objects on the surface to prevent scratches.

Strong acids such as those found in drain cleaners, toilet cleaners, paint removers and cleaners containing methylene chloride or acetone (nail polish remover) should be used very cautiously around the isocast material. Should these products come in contact with the surface, quickly flush the surface with plenty of soapy water.

Any residue and spills from, shampoo, toothpaste, mouthwash, etc. should be cleaned immediately with soapy water to ensure no damage occurs.
