From the late 1800’s into the 1900’s, Britain led the way in bathroom design and performance. Our time honoured Burlington and Arcade bathrooms bring a complete collection of traditional products all with modern functionality. These ranges allow you to create a traditional bathroom that can reflect the historical eras of great design across Edwardian, Victorian, Classic, Contemporary or Arcade’s unique Belle Époque style.

The latest technology is utilised throughout the Burlington and Arcade product ranges to bring important benefits such as stay-clean Nano glaze coating on all WC bowls, ceramic disc options on all brassware and all showers with safe thermostatic operation.

Our extensive portfolio is designed to solve all your design challenges with a vast range of models that will suit every plumbing installation. Bathroom furniture, that provides many storage solutions, can complete the look you want and is available in four finishes. See the Technical Directory which starts on page 60 for the complete choice. Whatever you choose you can be sure Burlington and Arcade products will work perfectly together.

All measurements are represented in mm.
Your bathroom space should be one in which you feel completely at home, a space that reflects your unique personality and individual tastes. It’s a space for rejuvenation, pampering, relaxation as well as an environment for the necessities of a daily routine.

You may already have an idea of the style of bathroom you’re looking to create or you may need further guidance to help you configure your ideal traditional bathroom. The following pages in this brochure have been designed to help inspire with some of our suggested product pairings. Or you may spot something you can mix and match with product on subsequent pages. However you configure your beautifully traditional bathroom, we’re sure you’ll find just what you’re looking for from Burlington and Arcade bathrooms.
Edwardian 1200mm basin with washstand and Claremont three tap hole basin mixer with pop-up waste.

For detailed dimensions see bbwitebook.com
Our products are faithful reproductions of historical designs. This Classic basin is based on a model called Cliffe Vale produced in 1896 and described at the time as “a basin with improved waste and overflow”. It’s unique waste means there is no requirement for a plug or external waste. Simply pull the lever up to drain water.
Our furniture is a beautiful representation of traditional design available in 4 classic yet contemporary colours perfect for the modern day bathroom; Matt White, Sand, Dark Olive or Classic Grey. Seamlessly carry through your colour selection to bath surrounds and WC seats for a consistent look.

**All measurements are represented in mm.**
In 1929, the Standard Sanitary Corporation of America introduced a luxury bathroom colour, Ivoire De Medici, said to “have brought the warmth of sunlight to the bathroom decor”. This ‘mellow tint of old ivory’ was first achieved by Italian potters who worked under the patronage of the famous de Medici family in Florence.

You have now been introduced to the wide scope of the Burlington and Arcade ranges, all designed and engineered to provide solutions for your bathroom. The following Technical Directory provides a full listing of the Burlington and Arcade products including product codes and dimensions. Visit our website burlingtonbathrooms.com or for our full database bbwhitebook.com if you need further details. Whatever you choose, we are sure you will be delighted with your traditional bathroom by Burlington.
BASINS
The Classic collection from Burlington is beautifully formed, available in round or square designs, complete with an invisible waste option.

The Edwardian collection is the ultimate in traditional bathrooms with structured corners and angular designs, the feel is unapologetic and proud.

Delicate and refined, the simplicity of this basin is stunning whilst its versatility allows you to continue the style through your home and brings an air of luxury.

As the name suggests, the Contemporary collection is styled on the elegance of past times but with a modern day twist. Simplistic, structured lines form the basis for this striking ceramic collection.

A choice of traditionally designed cloakroom basins to achieve a consistent look throughout the home.

*The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.
**BASIN OPTIONS**

Burlington Regal pedestals are higher than standard pedestals, making them more comfortable for taller people, the elderly or those prone to back pain.

---

**WASHSTAND OPTIONS**

Our chrome washstands are also available in a Regal height and are compatible with Classic, Edwardian, Victorian, Contemporary, Cloakroom and Georgian basins. With an increased height of 60mm, they provide an ergonomic use for taller people and those who need it.

---

All prices include VAT at 20%. All measurements are represented in mm.

WCs

The widest range of traditional WC options to suit your installation and match the exact look you want. Now available in two new colours, Jet and Medici.

The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.
WC OPTIONS

At Burlington we’ve created a range that’s taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

At 480mm high the taller WC pan ensures the knee angle remains at approximately 90 degrees whilst in use, which is the correct seating position. The taller WC provides a more comfortable use for taller people and the elderly whilst ensuring your WC is functional as well as beautiful too.
Lever or push button cistern
Available with all Burlington Close-coupled, Low and Mid level WCs. Choose between the classic ceramic flush lever or the more contemporary flush front button.

Feature levers
Our feature cistern levers in Black or New Walnut are the perfect finishing touches and work beautifully with our other feature options such as WC seats, brassware and accessories.

Lever
52cm Cistern (C1)
44cm Cistern (C3)
52cm Rear Entry Cistern (C30)

Push Button
52cm Cistern (C2)
44cm Cistern (C4)

Black Lever
To add a Black Lever please add BLA to end of the code and add £25.

Walnut Lever
To add a Walnut Lever please add WAL to end of the code and add £40.

All WCs have a unique stay-clean NANO Glaze coating, creating an ultra-smooth surface, six times smoother than standard ceramic.

All Burlington close-coupled WCs are supplied with dual flush WRAS fittings.

All Burlington WC fittings are factory set at 3L and 6L flush. They can be adjusted on site to flush at 2½L and 4½L.

For detailed dimensions see bbwhitebook.com
Burlington bathrooms are the first traditional bathroom provider to introduce rimless technology to traditionally styled WCs. With the removal of the standard WC rim, this WC choice is exceptionally easy to keep clean. Its powerful flush covers the entire ceramic bowl, making it the most hygienic option. Available with both standard and slimline cisterns for standard height close-coupled, back-to-wall and medium level WCs.

**RIMLESS WCs**

- Hygienic
- Easy to clean
- Powerful flush
- Economic
**CLOSE-COUPLED WCs**

**CHROME CISTERNS**

For an additional lustrous finish, select the chrome cistern for low, medium and high level WCs. These work beautifully when paired with basins on chrome washstands, baths with chrome feet or the all new Balthazar bath with its stunning stainless steel finish. See page 34 or 140.

**WC ACCESSORIES**

A cleaner toilet, by design and with NANO Glaze

We believe that the toilet bowl should still remain as clean as possible even with reduced flushing water and therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean.
SEATS

Our choice of seats includes standard oak or mahogany, white carbamide (also available in a soft-close option), or soft close seats in a range of colours to match your furniture choice, black to pair with black cistern levers and accessories, beech for a classic look or walnut solid wood to match with our New walnut trims. Pair your low, medium or high level WC with our throne seats with ornate brackets.

A cleaner toilet, by design and with NANO Glaze

We believe that the toilet bowl should still remain as clean as possible even with reduced flushing water and therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean.
A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom. Choose from freestanding in either square or curved design, wall-hung, cloakroom or fully fitted options to create the most functional space to suit your individual needs.
FURNITURE

For detailed dimensions see bbwhitebook.com
FURNITURE WITH INTELLIGENT DESIGN

Our furniture solutions are made from the finest materials and offer innovative features and smart details that not only make them suitable for the bathroom environment but built to last with a 10 year guarantee.

FULLY FITTED FURNITURE
Unlike conventional fitted furniture, our units offer full floor to height storage providing increased space for all your bathroom cosmetics and accessories.

CHOICE OF COLOUR
Four stunning and serene colourways across our entire range which can be carried through the bath panels and WC seats for a consistent and seamless look.

STAINING
Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

TAP HOLES
Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

MINERA BASINS AND WORKTOPS
Minerva basins fit perfectly with your chosen furniture unit. Should you opt for a fitted furniture look, a Minerva worktop can be chosen to fit the length of your furniture units.

5 LAYERS OF PAINT
Each of our furniture pieces are prepared with 5 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. The painted top coat is then applied for a glorious depth of colour.

ROUTINE CLEANING
Minerva® does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

MINOR SCRATCHING
Scratches to the work surface will be more evident on darker colours. Any minor scratches can be removed using a woven abrasive pad and other items in the care kit.

MINERVA® CARE KIT
To restore your Minerva® work top to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

CRAFTED SPECIFICALLY FOR BATHROOMS
The plinths of the freestanding furniture are crafted from a waterproof high density material - providing extra protection and giving peace of mind that wet floors will not lead to damage.

DIMENSIONS & TECHNICAL DRAWINGS

**PAINT YOUR OWN**

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom into your individual colour scheme. We’ve chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell paint finish for the best effect.

- Pelt
- Cook’s Blue
- Red Earth
- Brassica
- Cinder Rose
- Vert De Terre

For detailed dimensions see bbwhitebook.com
Burlington brassware can be customised with a choice of 4 tap heads; Claremont, Birkenhead, Anglesey and Kensington. In addition, Burlington is the first British Traditional designed range that enables water savings despite varying water pressures. We supply every tap with two Neoperl devices: A flow straightener, which is for use with low water pressures and an aerator, which is for use with high water pressures.

**BURLINGTON TAP OPTIONS**

Each of the tap heads are available with Black and Medici ceramic indices as opposed to White.

Our Kensington tap is now available in Walnut. See page 162 for more details.

---

158 *For full details on guarantees please visit burlingtonbathrooms.com/guarantee.*
Normal tap
Water flow in a normal traditional tap.

Low pressure
Low pressure water flow with a Burlington tap using a flow straightener.

High pressure
High pressure water flow with a Burlington tap using an aerator.

Swivelling spouts
All our bath fillers and bath shower mixer spouts swivel - so you don’t have the spout in your way when you shower.

Angled mixers
All our bath fillers and bath shower mixers are available in an ‘angled’ version.

S adjuster
The S adjuster allows the telephone handset to be positioned over the bath. The bath shower mixer can be installed with or without the ‘S adjuster’.

Bridge mixers
Our bridge basin mixer has a swivelling spout and allows you to have mixed hot & cold water, whilst using a two taphole configuration.

Valve options
All Burlington taps are available with traditional screwdown valves or with quarter-turn valves. The taps work with both low and high pressure.
TRADITIONAL SCREW DOWN BASIN TAPS

One tap hole

Basin mixer with high central indice with click-clack waste

Ordering Your Taps

When ordering your taps add the correct code to the start of the tap code.

Claremont add CL
Anglesey add AN
Birkenhead add BI
Kensington add KE

QUARTER TURN OPTIONS

To order your tap with quarter-turn valves add QT to the end of your brassware code.
(Kensington taps are only available as quarter-turn valves).

Traditional screw-down
Quarter turn

COLOUR OPTIONS

Matching your taps to your bathroom colour scheme has become even easier.
We have 3 additional accent colours as an alternative to white indices;
Black, Medici and luxurious Walnut (only available with Kensington handles - see pages 162-163 for more details).
To order add the accent colour code to the end of the standard tap code.
Black add BLA
Medici add MED
Walnut add WAL

For detailed dimensions see bbwhitebook.com

Every piece of Arcade brassware, whether you choose from the elegant lustre of nickel or the high shine of chrome, is available with either crosshead tap heads or levers in corresponding nickel or chrome, serene White ceramic or intense Black ceramic, each with a timeless quality.
The Burlington range of showers provides extensive options for you to create a showering solution for your own bespoke setting. Whether you prefer showering over a bath or within an enclosure, our range of thermostatic valves offer safe and controllable showering for the entire family. Partner either with a wide range of enclosure styles from hinged or sliding doors to quadrant enclosures, each with corresponding trays with superior strength, the best grade in non-slip technology and an anti-bacterial coating as standard.

*The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.

**THERMOSTATIC SHOWERING**

Within the valve there is an automatic adjuster which maintains temperature by adjusting the flow of each supply. This is useful in guarding against the possibility of scalding. If for instance, someone flushes a WC whilst you are showering, the flow of hot water will immediately be closed down to compensate for the reduced cold water flow.

**SHOWER HEAD HEIGHT**

The standard riser pipe (V21) has a length of 856mm.
To increase the height of your shower head use the extended riser (V22) which has a length of 1814mm increasing the height by 958mm.
To order the extended riser simply add .EXT to the product code. For example BSF1S changes to BSF1S.EXT
Please see the burlingtonbathrooms.com for details.

ONE WAY WATER
Our non-return valves ensure the flow of water in only one direction, ensuring heating efficiency, preventing siphonage of contaminated water and keeping your shower cartridge in excellent condition for longer.

AIRBURST SHOWER HEADS
By combining air and water, the pressure inside the shower head is increased. The power of a traditional shower head with up to 33% water saved.

BURLINGTON RADIATORS

Burlington radiators offer a broad range of various styles, with the recent addition of two black radiators. There are options here to complement your traditional bathroom beautifully. All Burlington radiators except the Strand (R11 CHR) are designed to work with the extra fitting of an electric summer heating kit, allowing warm towels all year round.
