Aftercare

Care **MUST** be taken when cleaning our products to avoid damaging the fitting or finish. To maintain the appearance of the fitting, please ensure it is cleaned regularly using only a clean soft damp cloth. Whilst all of our products are durable the finishes are vulnerable to some strong substances, we only recommend the use of warm soapy water, **DO NOT** use abrasive sponges, strong household cleaners, scouring agents, organic solvents or acidic cleaners as they may cause surface deterioration, peeling or change of colour.
